

Housing

VST has accommodation available for students and their families. As this accommodation is limited, we recommend that you apply as early as possible. You may apply for housing before your application to the School is accepted, but acceptance into residence is conditional on acceptance into a program of study at VST. Housing information and prices are updated each year in early March, when the application form for the following September to April academic term is posted on the VST web site.

Applications open in early March. Applications received by April 1 will be considered in the first round of housing assignments, based on the order in which they are received. Applications received after this date will be considered if spaces are available.

Students who are accepted into residence at Somerville House sign a housing contract and agree to the terms of the residence agreement. Residents are required to pay a security deposit and a first-month rent deposit by the date specified in the housing contract.

Furnished shared 'quad' units, studio, one-, two- and three-bedroom apartments are available in our newly

built residence, Somerville House. Housing is available from September 1 to April 30 with the possibility of extending through the summer. Residents must reapply each year for housing.
