The following information is requested in order for applicants to demonstrate that they have adequate financial resources to cover their expenses during the academic year and return transportation home (in the case of students from other countries).

There are student aid funds available - some for general use and some designated for special purposes in relation to sponsored candidates for ordination in the co-operating churches. While all students may apply for aid, the amount that can be awarded is very limited. Debts incurred prior to coming to VST cannot be covered by student aid, hence the importance of knowing the financial position of each student.

Budget for the academic year (eight months) September 1 to April 30.
